B1 LEVEL OBJECTIVES:

At level B1 students are able to maintain interaction and get across what they want to express in a range of contexts and follow the main points of extended discussion around them, provided that speech is clearly articulated in standard dialect. They can express the main point they want to make comprehensibly and keep going comprehensibly, even though they may have to pause for grammatical and lexical planning and repair, especially in longer stretches of free production. The second feature is the ability to cope flexibly with problems in everyday life, for example coping with less routine situations on public transport; dealing with most situations likely to arise when making travel arrangements through an agent or when actually travelling; entering unprepared into conversations on familiar topics.
